

March 2020 COVID 19 Newsletter

Dear Members,

With the recent news of COVID – 19 being classified as a global pandemic by the World Health Organization (WHO), the Collingwood BIA would like to ensure all members are equipped with some recent facts and recommended protocol from official government bodies and health organizations, relating to the virus and how it impacts people in B.C.

Social distancing – one meter distancing from person to person, and washing hands many times a day will help the spreading of the virus. We all need to do our part in ensuring we contain the virus. If you are feeling ill, stay home, if you are showing symptoms of COVID 19, self isolate yourself from your family members.

Keep informed with the daily Provincial, Federal Health and City of Vancouver announcements, new information arrives everyday. If you have any questions or concerns, we encourage you to refer to the information on the right. Practice safe precautions at all times. Most importantly, be kind to one another and help the vulnerable population.

Services Update:

Unfortunately, Coast Foundation has suspended our Street Clean Team services for the safety of the workers until April 3rd at this time. It is important that you will need to continue to pick up the trash in and around your storefront. The Collingwood Guardians will continue to patrol and are available if you need them. Goodbye Graffiti will continue patrolling and removing graffiti as this time. You can call our office if you have been tagged.

Together will need to work together to continue making Collingwood a welcoming and safe environment for all our patrons. Please let me know if we can do anything for you. This is a difficult time for us all and we want to make sure all of our businesses are feeling supported.

Thank you,

The Collingwood BIA Staff & Board of Directors
